- * To ensure that these average GSRA tuition rates accurately reflect the current enrollment and credit load patterns of students with GSRA appointments, OBP performed an analysis of tuition and credit hour loads of GSRA appointees in the 2022-2023 academic year. These revised rates are the actual averages from that analysis. The 2023-2024 rates are then calculated by increasing the revised 2022-2023 rates by the FY24 tuition increase.

OBP performed a similar analysis for GSRA appointees in the 2022-23 spring and spring/summer terms. Given the low numbers of GSRA appointees who enroll in these terms, the revised figure is calculated using the average number of credit hours for all students multiplied by the LS&A rate (1st hour rate plus rate for each additional hour). The 2023-2024 rates are then calculated by increasing the revised 2022-23 rates by the FY24 tuition increase.
